What is Northeast Texas Bible Institute?

Northeast Bible Institute is a Satellite School of the Sunset International Bible Institute (SIBI) in Lubbock, Texas and is designed to help Christians to grow and become better equipped. SIBI began in 1962 as an effort to train Spanish speaking preachers as Latin American Bible School. Soon, the need for training English speaking preachers and missionaries gave birth to West Texas Bible School and quickly the name was changed to Sunset School of Preaching. In 1995, the name was changed to the current Sunset International Bible Institute. 2009 marked the first year that Sunset was authorized by the State of Texas to confer religious degrees. Northeast Texas Bible Institute utilizes SIBI's DVD curriculum and adheres to an agreement with Sunset's leadership. Our degrees are awarded through SIBI.
